PROFESSIONAL SUMMARY

Full Stack Developer / Backend with 5+ years of experience designing, developing, and optimizing scalable web applications. Skilled in Python (Django, Flask), ReactJS, SQL, REST APIs, and performance tuning for large datasets (1M+ records). Proven track record of delivering applications supporting 50,000+ daily users, integrating third-party APIs, and leading ERP module development. Adept at Agile workflows, mentoring juniors, and collaborating across cross-functional teams. Passionate about building high-performance, secure, and user-centric applications.

PROGRAMMING SKILLS

- Programming languages: **Python, JavaScript, PHP, HTML, and CSS.**
- Frameworks/Libraries: **Django, Flask, ReactJS, NodeJS, Smarty, jQuery.**
- Databases: **MySQL, SQLite.**
- Development tools and IDEs: VS Code, Postman, Git, and NetBeans.
- Others: Basic **Machine Learning (Pandas, NumPy).**

EXPERIENCE

- **ENTRAR** Bangalore, India
Full Stack Developer, March 2023 –Current
 - Developed and maintained scalable web applications using **Python (Django), PHP (Laravel, Smarty), REST APIs, Pandas, and NumPy**, delivering solutions tailored to client requirements.
 - **Engineered and deployed RESTful services** in Django, supporting **50,000+ daily active users**, ensuring high availability and performance.
 - Led the development of key **School ERP modules** (attendance, timetable, and examination results), reducing manual workload by **40%** and improving reporting accuracy.
 - Designed and optimized **SQL queries and Django ORM models** for datasets with over **1M+ records**, significantly improving query performance and reducing query execution time.
 - **Integrated third-party APIs** (payment gateways, SMS/email services, authentication) to streamline business processes and improve user experience.
 - Collaborated in **Agile workflows**, mentored junior developers, and contributed to sprint planning, while also enhancing **front-end interfaces** using React, JavaScript, HTML, and CSS to improve **performance and engagement**.
- **ALECTA VENTURES PVT. LTD.** Bangalore, India
Software Engineer, Nov 2022 – March 2023
 - Designed and developed **custom web applications** using the **Python and Django framework**, delivering scalable, and maintainable solutions.
 - Worked with MySQL and SQLite databases for data modeling, management, and query optimization.
 - Built and maintained **RESTful APIs** using the **Django REST Framework**, enabling smooth integration with third-party services and internal applications.
 - Collaborated with developers, designers, and product managers to build user-friendly, responsive interfaces by implementing front-end features using HTML, CSS, and JavaScript.

- **PRAJWALRAJ IT SOLUTIONS PVT. LTD.**

Bangalore, India

Full Stack Developer,

Jan 2021 – Aug 2022

- Designed and developed **end-to-end websites** for **more than three ecommerce applications**, ensuring responsive design and seamless performance.
- Utilized **MySQL** for efficient database management, query optimization, and secure data handling.
- Implemented **enhancements, updates, and bug fixes** to improve system functionality, stability, and user satisfaction.
- Collaborated with **cross-functional teams** to deliver reliable, cost-effective, and high-quality software solutions.
- Ensured websites complied with the **latest security standards and protocols**, safeguarding applications against vulnerabilities.

EDUCATION

- *B. E in Computer Science: CGPA: 7.5* Bangalore, India
Vivekananda Institute of Technology 2016 - 2020
- *PUC in Computer Science: 77.6%* Bangalore, India
RNSIT PU College 2014 - 2016
- *Karnataka Board, 10th STD: 79.68%* Bangalore, India
St.Philomenas High School 2013 – 2014

TRAINING / CERTIFICATION

- Completed a 6-month course in the **Global Unified Course of AI and ML** at **Pentagon Space**, Bangalore (Aug 2020 – Jul 2021).
- Participated in a value-added course on **Computer Communication Network** organized by Jetking, Bangalore.
- Completed A Two-Day Beginner's workshop on **Python Application Development** using Django and SQLite organized by **AKLC**.

ACCOMPLISHMENTS

- Recognized by clients for delivering efficient, scalable solutions that improved team productivity and client satisfaction.
- Conducted a one-day workshop on database connectivity using JFrame.
- Gold medalist in taluk-level kabaddi and shot put.
- Achieved 1st place in State level "Kasthuri Kannada Prathiba Parikshe".

STRENGTHS

- Strong knowledge of **full-stack architecture, MVC frameworks**.
- Skilled in **problem-solving, automation, debugging, and performance optimization**.
- Strong leadership and project management abilities.
- Excellent **team collaboration, leadership, and client communication**.
- Quick learner with the ability to adapt to **emerging technologies**.
